

## P.W.A.G's response to developers comments.

We have produced a response to the developers comments on our Objection Document. This has been structured to make W.M.D.C. and its planners consider the balance that they have to achieve in weighing local harm against the perceived greater good. As such it does not seek to cover all the issues that we put in our original document and as it states it should be read in conjunction with it.
